

Greg Jensen

Reed College
Department of Psychology
Portland, OR 97202

Phone: (503) 961-2215
Email: jenseng@reed.edu
Homepage: <https://belarius.github.io>

Education

- B.A. Psychology, Reed College, May 2003.
- M.A. Psychology, Columbia University, October 2011.
- M.Phil. Psychology, Columbia University, May 2013.
- Ph.D. Psychology, Columbia University, May 2014.

Employment

- Reed College (Psychology: Assistant Professor) 2023–Present.
- Reed College (Psychology: Visiting Assistant Professor) 2019–2020, Spring 2021–2023.
- Columbia University (Neuroscience: Adjunct Associate Research Scientist) 2017–2023.
- Columbia University (Psychology: Lecturer In Discipline) 2016–2017.
- Columbia University Medical Center (Neuroscience: Postdoctoral Research Scientist) 2014–2016.
- Columbia University (Psychology: Part Time Lecturer) 2014–2016.
- Reed College (Psychology: Lab Manager) 2004–2009.

Teaching Experience

Instructor (Reed College)

- Comparative Cognition (2019F, 2023F).
- Statistical Modeling for Applied Research (2019F).
- Learning (2020S, 2022F, 2024S, 2025S, projected 2025F).
- Methods in Learning & Comparative Psychology (2020S, 2023S, 2024S, 2024F).
- Foundations of Psychological Science: Applied Labs (2021F).
- Methods in Applied Measurement (2021S, 2022S).
- Summer Statistics Workshop (2024Summer).
- Statistical Analysis for Psychology (2025S, projected 2026S).

Instructor (Columbia University)

- Science of Psychology (2016F, 2017S).

- Introduction to Statistics for Behavioral Scientists (2014F, 2015F, 2016S, 2016F, 2017S).
- Animal Behavior (2017S).
- Advanced Statistical Inference (2016F).
- Summer Statistics Workshop (2015Summer).

Publications

Metrics (as of June 2026)

- h-Index: 24 ([standard](#)), 11 ([normalized](#))
- Citations: 1290 (total), 775 (since 2021)
- Publication types: 47 peer-reviewed articles, 7 peer-edited chapters & abstracts, 6 preprints, 2 theses

Journal Articles & Book Chapters

- Liguore WA, Schwartz DL, Piantino JP, RajendranA, **Jensen G**, Karpf JA, Chernov MM, Woltjer RL, Kohama SG, Silbert LC, Weiss AR. (In Press). Aging macaques bridge the translational gap in perivascular space biology. *Scientific Reports*, <https://doi.org/10.64898/2026.01.14.699534>
- Lievano Parra D, Garavito Coronado JD, **Jensen G**, Gonzales Diaz V, Cardenas Parra F. (2026). Time-dependent changes in stepping performance and velocity following partial dopaminergic lesions in the SNc of male and female rats. *PLOS ONE*, 215, e0337381, <https://doi.org/10.1371/journal.pone.0337381>

Addresses & Colloquia

- **Jensen G.** (June 17th, 2025). “Superstitious Learning In Monkeys And Humans.” At the Oregon National Primate Research Center’s Division of Neuroscience Seminar Series, Hillsboro.
- **Jensen G.** (October 7th, 2024). “Help Me Fool You.” At the UC Merced Mind, Technology, and Society Seminar, Merced.
- **Jensen G.** (October 20th, 2023). “Here Be Choices: Cognitive Maps of Revealed Preference in Monkeys.” At the CUNY College Cognitive and Comparative Psychology Colloquium, Brooklyn.
- **Jensen G.** (May 27th, 2023). “Information Theory.” At the Society for Quantitative Analyses of Behavior, Denver.
- **Jensen G.** (November 10th, 2022). “HIC SUNT OPTIONES: Cognitive maps of revealed preference in monkeys.” At Reed College.
- **Jensen G.** (November 18th, 2021). “Is this an order I see before me? Simultaneous ranking and categorization in humans and other primates.” At Reed College.
- Ferhat A-T, **Jensen G**, Terrace H, Ferrera VP. (October 26th, 2020). “Reward-biased transitive inference in rhesus macaques.” At Neuromatch, Online.
- **Jensen G.** (October 7th, 2019). “Stan and deliver: How a Bayesian approach to stats changed the way I do research.” At Reed College.

- Pouliopoulos A, Kwon N, **Jensen G**, Meany A, Burgess M, Munoz F, Ji R, Ferrera V, Konofagou E. (October 7th, 2019). "Inflammatory response and cognitive function following focused ultrasound-mediated blood-brain barrier opening in non-human primates." At the IEEE International Ultrasonics Symposium, Glasgow.
- **Jensen G**. (Sept. 10th, 2019). "Who ordered this? A cognitive take on serial learning." At Synapsistic, Portland.
- **Jensen G**. (March 1st, 2019). "Who ordered this? A cognitive take on serial learning." At Reed College.
- **Jensen G**, Freestone D. (July 6th, 2017). "How 'reinforcement' was stolen, and how to steal it back." At the University of Nebraska Medical Center, Omaha.
- **Jensen G**, Freestone D. (August 5th, 2016). "Computational Prometheus: Stealing 'reinforcement' back from computer science." At the American Psychological Association, New York.
- **Jensen G**. (February 29, 2016). "Serial learning: A cognitive take on preference and expected value." At the Department of Psychology Monday Seminar, Columbia University.
- Terrace HS, **Jensen G**. (April 18, 2015). "Concept learning of ecological and artificial stimuli in rhesus macaques." At the Society of Experimental Psychologists, Charlottesville.
- Neuringer A, **Jensen G**. (May 24, 2014). "Similarity of choices under concurrent and operant-variability schedules of reinforcement." At the Association for Behavior Analysis International, Chicago.
- **Jensen G**. (March 15, 2014). "Unifying choice and preference models within the compositional sample space." At the Eastern Psychological Association, Boston.
- Bailey M, **Jensen G**, Taylor K, Simpson E, Mezas C, Williamson C, Silver R, Balsam P. (March 14, 2014). "Differentiating goal-directed motivation from arousal with a novel progressive hold down (PHD) task." At the Eastern Psychological Association, Boston.
- **Jensen G**. (February 17, 2014). "Compositions: Modeling the dynamics of repeated choice." At the Department of Psychology Monday Seminar, Columbia University.
- **Jensen G**, Balsam P. (March 2, 2013). "Matching with more than two alternatives: Adding options increases sensitivity to rewards." At the Eastern Psychological Association, New York.
- **Jensen G**, Neuringer A. (May 22, 2009). "Extending generalized matching." At the Society for Quantitative Analyses of Behavior, Phoenix.
- Neuringer A, **Jensen G**. (May 25, 2008). "Voluntary choice is characterized by functional combinations of stochasticity and predictability." At the Society for Quantitative Analyses of Behavior, Chicago.
- Neuringer A, **Jensen G**, Piff P. (May 26, 2006). "Operant variability theory of voluntary action." At the Society for Quantitative Analyses of Behavior, Atlanta.

Miscellaneous

Organization Memberships

- **Member**, Luxuriant Flowing Hair Club for Scientists (05/2014 – Present).

Honors & Awards

- University of Florida College of Public Health and Health Professions Dean's Citation Paper Award for Outstanding Publication (2022)
- Columbia University Presidential Teaching Award For Faculty (2017) Finalist (top 1% of nominees)
- B. F. Skinner New Researcher Award for Basic Research (2016).
- Lyttle Lytton Contest (2014) Honorable Mention.

Open Science Profiles

- [Google Scholar profile](#) (Publication history).
- [ResearchGate profile](#) (Preprints & reprints).
- [figshare profile](#) (Publicly available figures, files, & data).
- [GitHub profile](#) (Source code & website).
- [Publons profile](#) (Record of peer review activity).

Editorial

- **Associate Editor**, *Journal of the Experimental Analysis of Behavior* (Special Issue on Statistical Methods).
- **Editorial Board Member**, *Journal of the Experimental Analysis of Behavior* (2014-2020, 2024-Present), *Frontiers in Comparative Psychology* (2021-Present).
- **Ad Hoc Reviewer**, *Adaptive Behavior*, *Animal Behaviour*, *Animal Cognition*, *Behavior Research Methods*, *Behavioural Processes*, *Cognition*, *Educational Psychology Review*, *Journal of Applied Behavior Analysis*, *Journal of Experimental Psychology: Animal Learning & Cognition*, *Learning & Behavior*, *Physiology & Behavior*, *PLOS ONE*, *PNAS*, *Primates*, *Psychonomic Bulletin & Review*, *The Psychological Record*. Details on peer review activity described in [Publons profile](#).
- **Grant Reviewer**, National Science Foundation (Ad-hoc reviewer).
- **Textbook Reviewer**, Routledge, Taylor & Francis, W. W. Norton & Co.

Numerical

- **Erdős Number**: 5 (Erdős→Fishburn→Shepp→Lingquist→Ferrera→Jensen).
- **Bacon Number**: 6 (Bacon→Murray→Hershlag→Boas→Carey→Gallistel→Jensen).
